

Client: HOBBYCRAFT

**Saved after audit:**

**£635,852**

When we first started working with Hobbycraft we had a very specific brief which was to assist in the re-tendering of their Office Products and POS contracts. This was working alongside their inhouse team purchasing team.

Through our extensive supplier network we were able to produce a 'like for like' saving of £252,862.

We have continued to deliver savings, notably in the areas of Managed print and Energy Brokerage negotiation bringing total savings close to £650K.
