

Client: MAMAS AND PAPAS

Saved after audit:

£1,284,000

In our first twelve months working with Mamas and Papas we saved them £1.2m. The commodities we looked at first were stationery, contract cleaning and couriers. We achieved immediate results delivering savings of £458K whilst enhancing service levels. Following on from those initial three projects we have since completed a further sixty two cost reduction programmes in less than twelve months.

“Synergy have not only saved us a considerable amount of money, they helped us get to the granular detail we would never have got to ourselves. They work alongside our team, very much viewed as ‘one of us’ and come highly recommended”.

Mark Saunders, CEO, Mamas and Papas
