

Client: TURTLE BAY RESTAURANTS

Saved after audit:

£290,309

In total we have worked with Turtle Bay on six different projects, starting with Office Products, Print and the supply and laundry of napkins. In all cases the objective was to maximise savings whilst minimising contract length. This was all successfully achieved and our services expanded, so far delivering savings of close to £300K.

What Turtle Bay liked about us was our willingness to take on new challenges in different areas of their business and the enthusiastic and helpful way we approached tasks. They describe us as “great to work with”.

“I would have no hesitation in recommending Synergy to businesses that are looking to make cost savings across a wide variety of areas”.

Jon Temple, Chief Operating Officer, Turtle Bay Restaurants
