

## CORONAVIRUS – JOB SUPPORT SCHEME FAQs

Coronavirus Job Retention Scheme (CJRS) is to end 31<sup>st</sup> October 2020 and in recognising the ongoing impact Covid -19 is having on businesses, the Government announced the launch of the **Job Support Scheme** (JSS) to take affect from 1<sup>st</sup> November 2020 which is to last for 6 months.

The scheme is aimed at the protection of viable jobs in businesses who can operate safely but are facing lower demand over the winter period due to Covid 19 thus to avoid mass redundancies.

The JSS applies to current staff whether previously been on furlough or not and requires them to be retained on shorter hours by agreement (see below).

The criteria for this scheme significantly differs from the Coronavirus Job Retention Scheme (CJRS) and on 22<sup>nd</sup> October 2020, the government announced a new revised JSS Open that will help reduce the financial cost to the employer in employing employees who would otherwise be at risk of redundancies and thus increasing the cost to the government.

We provide guidance on JSS Open as below (\*)
